This is a novel that is hard to review without revealing too many spoilers. The first cover, from the UK first edition (NOT the one shown here on goodreads), scrupulously avoids any spoiler, and is the most attractive cover I've seen for this novel. The Doctor is In Andy Taylor's little bulge is a huge problem He's tired of getting passed over for guys with a complete package and when an ad catches his eye that suggests it can maximise his mini me he makes an a.
